INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories, present to subscribers and the general public, this, the bicentennial commemorative edition of the Jacksonville City Directory. (In all, the HILL DIRECTORY COMPANY and its affiliated companies publish more than 1,400 city and suburban Directories).

Confidence in the growth of Jacksonville's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Jacksonville to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional people and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Jacksonville City Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified city like Jacksonville, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents, business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Jacksonville, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section, the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite

834885

the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner-occupied homes, the listing of telephone numbers, new householder symbols and Zip Codes.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

This publication also contains an Onslow County Rural Residents Directory printed on white paper immediately following the Numerical Telephone Directory.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site, and as an educational center. The publishers have placed copies of this issue of the city Directory in Directory Libraries where they are readily available for free public reference and serve as perpetual and reliable advertisements of Jacksonville.

The Jacksonville Out-Of-Town City Directory Library

Through the courtesy of the publishers of the Jacksonville City Directory, a Directory Library is maintained in the offices of the Greater Jacksonville Chamber Of Commerce, for free reference by the general public. This is one of many Directory Libraries installed in cities and towns throughout the United States and Canada through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional people who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

JAMES E. HOLSHOUSER, JR.
GOVERNOR

STATE OF NORTH CAROLINA
GOVERNOR'S OFFICE
RALEIGH 27611

Fellow North Carolinians:

During this Bicentennial era we can proudly look back on our rich heritage and reflect on the sacrifices that our courageous forefathers made to establish a free nation. North Carolina's "First in Freedom" slogan reminds us of the bold men and women of 1776 who challenged the most powerful nation on earth to decide their own destiny and that of their country.

North Carolina was the first colony to instruct its delegates to the Continental Congress to "concur" in independence. North Carolinians suffered through the winter at Valley Forge and fought and bled at such battles as Moore's Creek, King's Mountain, and Guilford Court House. But most importantly, North Carolinians stood for freedom and the protection of rights, as was demonstrated by their refusal to ratify the Federal Constitution until a Bill of Rights was guaranteed.

Today we are still striving to make "First in Freedom" a reality in North Carolina and in the nation. The community spirit of '76, exemplified in our Bicentennial, offers us a unique opportunity to commemorate our past accomplishments while building for a better future. It is a proud and vital legacy we perpetuate, and a duty we dare not shirk.

Sincerely,

James E. Holshouser, Jr.

Metropolitan Jacksonville is one of the fastest growing communities in the State of North Carolina. The growth has been of such proportion that it is almost impossible to give in any concise manner, an idea of all the changes that have occured and to interpret what all the changes in the civic, social and business life of the City mean to those who live here.

The population statistics for the City of Jacksonville show the reason for the increased services and needs of the Community. As can be seen from the following table, Jacksonville's population has more than tripled in the short time between 1950-1956.

Year	Population
1940	873
1950	3,960
1960	13,491
1970	16,202
1973 (estimated)	19,000
1975 (exact)	19,720
1976 (estimated)	21,000

Onslow County was formed in 1734, from New Hanover County, and was named for Sir Arthur Onslow who was speaker of the House of Commons in the British Parliament.

The first Court House for Onslow County is believed to have been located at Court House Bay, six miles from the mouth of New River. The second County Seat and Court House were on Northeast Branch about twenty miles from the mouth of New River where the U. S. Marine Corps Officers Quarters at Paradise Point, Camp Lejeune, are now located.

The third Court House location at Johnstown, named for Royal Governor Gabriel Jamestown, was about 14 miles from the mouth of New River. The town failed to grow and most of the buildings were destroyed by a hurricane in 1752.

The fourth and present site of the Onslow County Court House was named "Wantland Ferry" for James Wantland, who in 1756, donated an acre of land "convenient to many" for the Court House. Four edifices preceded the present structure erected in 1904, and remodeled in 1951.

Records in the Register of Deeds Office at the Onslow County Court House date back to 1713.

President George Washington passed through Onslow County on his southern tour in 1791, enroute to Wilmington. He took breakfast at "Everetts" near Richlands, had dinner at Captain James Foy's at Rick's Run and spent the night at "Sage's Ordinary," in the southern part of Onslow County. President Washington wrote in his diary about this part of his trip.

Two Governors of North Carolina may be claimed by Onslow County.

Edward B. Dudley, elected from New Hanover County, the first Governor elected by the direct vote of the people served two terms from 1836 to 1841. He was born and reared in Onslow County.

Governor Daniel C. Russell, born in Brunswick County, was the son of two Onslow County natives and spent his childhood at the home of his grandfather, David W. Sander, a member of the Council of State. Governor Russell served from 1897 to 1901.

New River, despite its name, is known to be the mouth of one of the oldest rivers in America. It is the only large river in North Carolina with headwaters and mouth in the same county, Onslow, and it is one of the few rivers of any size in the United States which flows almost due South. Its three forks are also unusual in that they bring little water in to feed the main stream. Another peculiarity is that it seems to be all mouth and nothing much more, the estuary is about 20 miles long and in places three to five miles wide.

Wars have seriously affected the New River Region through their early history.

After the Indian Wars, Spanish Buccaneers and Pirates beset the region. During the Spanish invasion in the 1740's, prisoners were brought into the Onslow County Section through Bear Inlet.

Militia men were trained for the French and Indian War, and for the Revolutionary conflict inthe New River Area.

Onslow County residents had courageous parts in the fight for freedom and independence.

Within two years after the creation of the U. S. Marine Corps, Marines were on duty in the coastal area, being assigned to the privateer Sturdy Beggar of New Bern in 1777. They sailed against two English rigs which had arrived within the Bar on the Carolina seashore and captured several vessels.

In 1941, at the outbreak of World War II, the area around Jacksonville was again the scene of U. S. Marines on duty. Camp Lejeune was originated and named for the famous General Lejeune. Camp Lejeune is one of the world's largest amphibious training bases, covering an area of 173.8 square miles. Camp Lejeune starts a mile from the center of Jacksonville and extends to the Atlantic Ocean. The Base is a city in itself and is completely self sufficient. It has its own power plant, garbage and disposal plant, water treatment plant. Its buildings which number in excess of 400, are permanent structures of steel, brick and concrete. It is beautifully landscaped with azaleas and native flowers. Camp Lejeune offers its visitors an unparalleled view of America's defense strength in its natural scenic beauty.

AN IDEAL PLACE TO LIVE

Jacksonville can be your home while you hunt and fish in the beautiful forests, rivers, creeks and ocean that are in and border Onslow County. In our forests and plains there are bear, deer, quail, rabbit, wild turkey, duck, geese and many other game birds and animals to be found.

The City is situated on beautiful New River, which has been known by many generations as fresh water fisherman's paradise. The great game hunting reserve known as Hoffman Forest covers 80,000 acres and almost reaches the City. U. S. 17 (Ocean Hiway) runs through Jacksonville.

In New River and its creeks, and in the Atlantic Ocean, a veritable treasurer of thrills and surprises await the angler with the multitude and assortment of fish to be caught—bass, perch, trout, blues, sheephead, mullet, etc.

There are over ten miles of sand beach bordering the Atlantic Ocean, within easy driving distance from Jacksonville.

The city has its own recreation building which operates daily programs. There is a beautifully equipped USO Club serving the off-the-base needs of the many Marines based at Camp Lejeune.

In addition, there are six modern indoor theatres and also four drive-in theatres in the area. Jacksonville also has a modern country club with a golf course and swimming pool which was completed during 1956.

The new Albert J. Ellis Airport was opened February 15, 1971. The runway is 5200 feet long, capable of being extended to 8,100 feet. Regulation lights, electrical building and radio equipment. The airport is serviced by Piedmont Airlines with three northbound and three southbound flights daily.

Out of Sight! - Out of Mind! - Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. ***Insist on being well represented in its pages.***

PLEASE! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers —the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions cf your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *Alphabetical* list of names and addresses of residents, business concerns and institutions, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *Classified Business Directory* –listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A *"Yellow Section" or Buyers' Guide,* where the advertiser may explain in greater detail the services or products he has to offer.

5 A *Statistical and Historical Story* of your city; plus miscellaneous other information.

WHY A BUYERS' GUIDE?
IT IS CUSTOMARY TO INCLUDE A BUYERS GUIDE IN THE CITY DIRECTORY BECAUSE:
It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.
★ The Buyers' Guide is a necessary supplement to the regular ★ listings; it is good City Directory information ... EXTENDED

WHY A BUYERS' GUIDE?
IT IS CUSTOMARY TO INCLUDE A BUYERS GUIDE IN THE CITY DIRECTORY BECAUSE:
It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.
★ The Buyers' Guide is a necessary supplement to the regular listings: It is good City Directory information ... EXTENDED ★

WHY A BUYERS' GUIDE?
IT IS CUSTOMARY TO INCLUDE A BUYERS GUIDE IN THE CITY DIRECTORY BECAUSE:
It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.
★ The Buyers' Guide is a necessary supplement to the regular ★ listings; it is good City Directory information ... EXTENDED

WHY A BUYERS' GUIDE?
—IT IS CUSTOMARY TO INCLUDE A BUYERS GUIDE IN THE CITY DIRECTORY BECAUSE:
It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.
★ The Buyers' Guide is a necessary supplement to the regular ★ listings; it is good City Directory information ... EXTENDED

WHY A BUYERS' GUIDE?
IT IS CUSTOMARY TO INCLUDE A BUYERS GUIDE IN THE CITY DIRECTORY BECAUSE:
It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.
★ The Buyers' Guide is a necessary supplement to the regular ★ listings; it is good City Directory information ... EXTENDED

WHY A BUYERS' GUIDE?
IT IS CUSTOMARY TO INCLUDE A BUYERS GUIDE IN THE CITY DIRECTORY BECAUSE:
It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.
★ The Buyers' Guide is a necessary supplement to the regular ★ listings; It is good City Directory information ... EXTENDED

NUMERICAL TELEPHONE DIRECTORY

BLUE PAGES

This Directory takes the "mystery" out of blind numbers. It lists telephone numbers in numercial sequence, making it easy to "decode" blind phone numbers in classified ads—especially valuable for real estate agencies, used car dealers, etc.

WHAT'S IN A PHONE NUMBER?

ABOUT THE FIRM:
Who called me? When your call back message gives a telephone number only—-or includes a common surname such as Jones, Smith, Brown, etc.—this Numerical Telephone Directory will assist in determining correct firm name. Make use of both Alphabetical and Street Guide information to establish names of officers, owners or partners, products and services, and correct address. Properly identify firm and caller and have needed records, file or correspondence on hand before returning call.

ABOUT THE INDIVIDUAL:
Who called me? When only a telephone number is known, this Numerical Telephone Directory will assist in determining the name of the subscriber—with this information combined with other sections of your City Directory you may quickly establish such information as wife's name, place of employment, job title, home address, business address and telephone number.

A STATEMENT
OF
ADVERTISING PRINCIPLES

1. **Good Advertising** ⁓ aims to inform the consumer and help him to buy more intelligently.

2. **Good Advertising** ⁓ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. **Good Advertising** ⁓ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. **Good Advertising** ⁓ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.
